Sunday 3rd December

- 11.30-13.00** **Renewing territories to support the multi-transition and development of the Third Millennium** by Ferrara Expo (Company of the Bologna Fiere S.p.A. Group)
-
- 13.30-15.00** **Climate Change is not Cool: a sustainability message from the fashion world**
co-organised by National Chamber of Italian Fashion and UN Alliance for Sustainable Fashion
-
- 15.30-17.00** **High albedo solutions for global warming mitigation, water saving and energy efficiency** by CIRIAF – Interuniversity Research Centre on Pollution and Environment "Mauro Felli" - University of Perugia
-
- 17.30-19.00** **Financial instruments to support climate neutral smart cities in the context of decarbonisation** by DBA Group

Monday 4th December

- 09.30-11.00** **Climate Change agendas at national level: how to strengthen their effectiveness within multilevel governance** co-organised by Lombardy Region, Lombardy Foundation for the Environment, Regions4 and Under2Coalition
-
- 11.30-13.00** **Mission Innovation Green Powered Future Mission: National pilot projects for net zero power systems** by Green Powered Future Mission / RSE S.p.A.
-
- 13.30-15.00** **Gearing up Africa's energy transition by conducive policy and legislative frameworks** co-organised by RES4Africa Foundation and Energy Services Manager (GSE)
-
- 15.30-17.00** **Earth Observation contribution for monitoring and planning climate actions** by ISPRA (Italian Institute for environmental protection and reaserch)
-
- 17.30-19.00** **The evolution of voluntary carbon markets: European perspectives and Italian insights** by Carbonsink a south pole company

Tuesday 5th December

- 09.30-11.00** **A Sustainable built environment: exploring concrete innovation** by DMAT Srl
-
- 11.30-13.00** **The Pact for the decarbonisation of air transport: the Italian ecosystem for a roadmap to Net-Zero** co-organised by Aeroporti di Roma S.p.A (Airport Management) and ENI S.p.A (Energy Company)
-
- 13.30-15.00** **The role of policies, finance and technologies in energy efficiency and sustainability for the industrial sectors** by Turboden S.p.A.
-
- 15.30-17.00** **Engineering for a Sustainable Future. Decarbonization Technologies and Solutions** by SAIPEM S.p.A. (Clean Energy Company)
-
- 17.30-19.00** **Innovation Catalysts: Powering cities on a mission towards net zero** by Global Covenant of Mayors and Urban Transitions Mission of Mission Innovation
-
- 19.15-20.30** **Dialogue and new experiences for climate action and care of the planet** co-organised by Ist. Buddista it. Soka Gakkai and UNDP

Wednesday 6th December

09.30-11.00

The territorialization of the Agenda 2030 and urban low carbon transition
by Bocconi University

11.30-13.00

Accelerating SMEs' resilience in a World of Growing Climate Risks
co-organised by Generali, the United Nations Development Program (UNDP), UNDP Insurance and Risk Finance Facility (IRFF) and UNDP Rome Center

13.30-15.00

Sustainab-ITALY: the Italian proposals for a greener future
by ICE (Italian Trade & Investment Agency)

15.30-17.00

3DEN Initiative: implementing tomorrow's smart power systems
co-organised by the International Energy Agency, the Italian Ministry of Environment and Energy Security and UN Environment Programme

17.30-19.00

Prix Italia: RAI, the Italian Public broadcasting service, rewards the Media Sustainability Tales by RAI Directorate for Sustainability ESG

19.15-20.30

Women's energy to save the Planet
by RAI Directorate for Sustainability ESG

MINISTERO DELL'AMBIENTE
E DELLA SICUREZZA ENERGETICA

Friday 8th December

- 09.30-11.00** **The Duty of Ambition, from Global Stocktake to National Plans. Actors, transitions and resources** by WWF Italy
-
- 11.30-13.00** **Circular economy as a driver for ecological transition in Mediterranean Area**
by A2A S.p.A. (Life Company)
-
- 13.30-15.00** **The role of universities in the process of decarbonization of urban areas**
by Italian Universities network for Sustainable development - RUS
-
- 15.30-17.00** **The “Dolomite Manifesto” on the Global Governance of Climate Change**
by Vision Think Tank
-
- 17.30-19.00** **Bridging gaps between global models and GHG inventories**
by European Commission (Joint Research Centre)
-
- 19.15-20.30** **Transparency for Enhancing Climate Actions – Perspectives from Africa, Asia, Europe, and LAC** co-organised by ISPRA (Italian Institute for environmental protection and research) and UNEP CCC

Saturday 9th December

09.30-11.00

Technology Driven Climate Action

by Leonardo S.p.A. (Aerospace, Defence and Security Italian Company)

11.30-13.00

Fit for 55? Innovative solutions for energy-efficient buildings

by Interreg NEXT MED Programme / Autonomous Region of Sardinia

13.30-15.00

The sustainable future of the GCC moving from regional to global electrical interconnections by CESI S.p.A. (International Study Center)

15.30-17.00

Education & Training in Meteorology and Climatology

by Italian Air Force - Meteorological Service

17.30-19.00

LIFE Programme's contribution to climate action: the experience of Italian projects

by Italian Ministry of the Environment and Energy Security - Directorate for European and International Affairs Div II - LIFE National Contact Point Team for Italy

19.15-20.30

The strategic cooperation between UNDP and Italy in the field of clean energy

by UNDP

MINISTERO DELL'AMBIENTE
E DELLA SICUREZZA ENERGETICA

Sunday 10th December

- 09.30-11.00** **The transition of road freight transport. A strategic challenge of Sustainability and competitiveness** co-organised by ANFIA (National Association of the Automotive Industry) and ANITA (National Association of Automotive Transport Companies)
-
- 11.30-13.00** **Accelerating climate ambition: Italian business commitment towards Net-Zero - International Launch of the UNGCNI-IPSOS Research** by UN Global Compact Network Italy
-
- 13.30-15.00** **Circular Economy & Climate Change: the role of financial institutions and the private sector in accelerating the transition towards a regenerative economy**
co-organised by Intesa Sanpaolo (IMI Corporate & Investment Banking Division) and Intesa Sanpaolo Innovation Center
-
- 15.30-17.00** **Investing in the younger generations for a just transition**
co-organised by Save the Children Italy with Save the Children Youth Movement
-
- 17.30-19.00** **Managing Climate Risk and Security in the Mediterranean**
by ECCO - The Italian Climate Change Think Tank
-
- 19.15-20.30** **MUSIC4CLIMATE - Italian music starts the green-tech revolution**
by Connect4Climate - World Bank e partner

Monday 11th December

- 09.30-11.00** **Future Earth Research School, High-Level Education for a Sustainable Future and Green Jobs** by The Foundation Euro-Mediterranean Centre on Climate Change (CMCC)
-
- 11.30-13.00** **Regenerative economy for a just transition. Managing food security water management and global health** by Regenerative Society Foundation
-
- 13.30-15.00** **New models of energy sharing as drivers for climate change mitigation: the role of Local Governments and companies** co-organised by City of Assisi and CIRIAF - University of Perugia (Interuniversity Research Centre on Pollution and Environment "Mauro Felli")
-
- 15.30-17.00** **Corporate Carbon Disclosure: action for climate change** co-organised by IMQ eAmbiente Srl (Italy) and IMQ Gulf FZCO (United Arab Emirates)
-
- 17.30-19.00** **"Climate Action" towards carbon neutrality of cities and territories** by National Network of Local Energy Agencies (RENAEL)
-
- 19.15-20.30** **Central Apennines: rebuilding and repairing by adapting to climate change** by Commissario straordinario del Governo Ricostruzione Sisma 2016

Tuesday 12th December

-
- 09.30-11.00** **Enhancing the Energy Transition Winning the global challenge through the creation of skills and competences worldwide and through industrial cooperation**
by MAIRE Group - NextChem
-
- 11.30-13.00** **Agrifood system solutions are climate solutions**
co-organised by FAO (Food and Agriculture Organization of the United Nations), UNDP, Youth for Climate Initiative and Italian Ministry of Environment and Energy Security
-
- 13.30-15.00** **CERTo project. Renewable Energy Communities for the Turin area**
by Torino Chamber of Commerce
-
- 15.30-17.00** **COP28 Debrief: Charting the Climate's Future**
by Illuminem (The world's leading Sustainability information & data platform)
-

COP28 - Week 1

	Thursday 30th November	Sunday 3rd December	Monday 4th December	Tuesday 5th December	Wednesday 6th December
09.30-11.00			Climate Change agendas at national level: how to strengthen their effectiveness within multilevel governance co-organised by Lombardy Region, Lombardy Foundation for the Environment, Regions4 and Under2Coalition	A Sustainable built environment: exploring concrete innovation by DMAT Srl	The territorialization of the Agenda 2030 and urban low carbon transition by Bocconi University
11.30-13.00	Strengthen the Euro-Mediterranean governance and cooperation in civil protection to address the prevention and management of climate change related disasters by MAECI-UfM Secretariat	Renewing territories to support the multi-transition and development of the Third Millennium by Ferrara Expo (Company of the Bologna Fiere S.p.A. Group)	Mission Innovation Green Powered Future Mission: National pilot projects for net zero power systems by Green Powered Future Mission / RSE S.p.A.	The Pact for the decarbonisation of air transport: the Italian ecosystem for a roadmap to Net-Zero co-organised by Aeroporti di Roma S.p.A (Airport Management) and ENI S.p.A (Energy Company)	Accelerating SMEs' resilience in a World of Growing Climate Risks co-organised by Generali, the United Nations Development Program (UNDP), UNDP Insurance and Risk Finance Facility (IRFF) and UNDP Rome Center
13.30-15.00	The Italian environmental industry's recipe for the challenge of climate change by Confindustria Ctsambiente	Climate Change is not Cool: a sustainability message from the fashion world co-organised by National Chamber of Italian Fashion and UN Alliance for Sustainable Fashion	Gearing up Africa's energy transition by conducive policy and legislative frameworks co-organised by RES4Africa Foundation and Energy Services Manager (GSE)	The role of policies, finance and technologies in energy efficiency and sustainability for the industrial sectors by Turboden S.p.A.	Sustainab-ITALY: the Italian proposals for a greener future by ICE (Italian Trade & Investment Agency)
15.30-17.00	Youth Engagement for a Sustainable Food System, the Experience of the Food Wave Project by Municipality of Milan (EU Direct Funds Unit)	High albedo solutions for global warming mitigation, water saving and energy efficiency by CIRIAF - Interuniversity Research Centre on Pollution and Environment "Mauro Fellini" - University of Perugia	Earth Observation contribution for monitoring and planning climate actions by ISPRA (Italian Institute for environmental protection and research)	Engineering for a Sustainable Future. Decarbonization Technologies and Solutions by SAIPEM S.p.A. (Clean Energy Company)	3DEN Initiative: implementing tomorrow's smart power systems co-organised by the International Energy Agency, the Italian Ministry of Environment and Energy Security and UN Environment Programme
17.30-19.00	Communication for Climate Action: Empowering Youth Voices and Engagement by IULM University	Financial instruments to support climate neutral smart cities in the context of decarbonisation by DBA Group	The evolution of voluntary carbon markets: European perspectives and Italian insights by Carbonsink a south pole company	Innovation Catalysts: Powering cities on a mission towards net zero by Global Covenant of Mayors and Urban Transitions Mission of Mission Innovation	Prix Italia: RAI, the Italian Public broadcasting service, rewards the Media Sustainability Tales by RAI Directorate for Sustainability ESG
19.15-20.30				Dialogue and new experiences for climate action and care of the planet co-organised by Ist. Buddista It. Soka Gakkai and UNDP	Women's energy to save the Planet by RAI Directorate for Sustainability ESG

COP28 - Week 2

	Friday 8th December	Saturday 9th November	Sunday 10th December	Monday 11th December	Tuesday 12th December
09.30-11.00	The Duty of Ambition, from Global Stocktake to National Plans. Actors, transitions and resources by WWF Italy	Technology Driven Climate Action by Leonardo S.p.A. (Aerospace, Defence and Security Italian Company)	The transition of road freight transport. A strategic challenge of sustainability and competitiveness co-organised by ANFIA (National Association of the Automotive Industry) and ANITA (National Association of Automotive Transport Companies)	Future Earth Research School, High-Level Education for a Sustainable Future and Green Jobs by The Foundation Euro-Mediterranean Centre on Climate Change (CMCC)	Enhancing the Energy Transition Winning the global challenge through the creation of skills and competences worldwide and through industrial cooperation by MAIRE Group - NextChem
11.30-13.00	Circular economy as a driver for ecological transition in Mediterranean Area by A2A S.p.A. (Life Company)	Fit for 55? Innovative solutions for energy-efficient buildings by Interreg NEXT MED Programme/ Autonomous Region of Sardinia	Accelerating climate ambition: Italian business commitment towards Net-Zero - International Launch of the UNGCNI-IPSO5 Research by UN Global Compact Network Italy	Regenerative economy for a just transition. Managing food security water management and global health by Regenerative Society Foundation	Agrifood system solutions are climate solutions co-organised by FAO (Food and Agriculture Organization of the United Nations), UNDP, Youth for Climate Initiative and Italian Ministry of Environment and Energy Security
13.30-15.00	The role of universities in the process of decarbonization of urban areas by Italian Universities network for Sustainable development - RUS	The sustainable future of the GCC moving from regional to global electrical interconnections by CESI S.p.A. (International Study Center)	Circular Economy & Climate Change: the role of financial institutions and the private sector in accelerating the transition towards a regenerative economy co-organised by Intesa Sanpaolo (IMI Corporate & Investment Banking Division) and Intesa Sanpaolo Innovation Center	New models of energy sharing as drivers for climate change mitigation: the role of Local Governments and companies co-organised by City of Assisi and CIRIAF - University of Perugia (Interuniversity Research Centre on Pollution and Environment "Mauro Felli")	CERTO project. Renewable Energy Communities for the Turin area by Torino Chamber of Commerce
15.30-17.00	The "Dolomite Manifesto" on the Global Governance of Climate Change by Vision Think Tank	Education & Training in Meteorology and Climatology by Italian Air Force - Meteorological Service	Investing in the younger generations for a just transition co-organised by Save the Children Italy with Save the Children Youth Movement	Corporate Carbon Disclosure: action for climate change co-organised by IMQ e Ambiente Srl (Italy) and IMQ Gulf FZCO (United Arab Emirates)	COP28 Debrief: Charting the Climate's Future by Illuminem (The world's leading Sustainability information & data platform)
17.30-19.00	Bridging gaps between global models and GHG inventories by European Commission (Joint Research Centre)	LIFE Programme's contribution to climate action: the experience of Italian projects by Italian Ministry of the Environment and Energy Security - Directorate for European and International Affairs Div II - LIFE National Contact Point Team for Italy	Managing Climate Risk and Security in the Mediterranean by ECCO - The Italian Climate Change Think Tank	"Climate Action" towards carbon neutrality of cities and territories by National Network of Local Energy Agencies (RENAEL)	
19.15-20.30	Transparency for Enhancing Climate Actions - Perspectives from Africa, Asia, Europe, and LAC co-organised by ISPRA (Italian Institute for environmental protection and research) and UNEP CCC	The strategic cooperation between UNDP and Italy in the field of clean energy by UNDP	MUSIC4CLIMATE - Italian music starts the green-tech revolution by Connect4Climate - World Bank e partner	Central Apennines: rebuilding and repairing by adapting to climate change by Commissario straordinario del Governo Ricostruzione Sisma 2016
