

Zero and low-emission heavy-duty vehicles (trucks)

	Power train	GWV (t)	GTW (t)	Application (e.g. Long-haul, Construction etc.)	Range (km)	Availability (series production, announced)
IVECO						
S-eWay	BEV	44t GCW		urban and regional application	up to 550km	in series production
S-eWay Fuel Cell	FCEV	44t GCW		long haul/regional distribution	up to 800km	in series production
DAF Trucks NV						
XB Electric	BEV	12t		urban/national distribution	up to 350km	in series production
XB Electric	BEV	16t		urban/national distribution	up to 350km	in series production
XB Electric	BEV	19t		urban/national distribution	up to 350km	in series production
XD Electric	BEV	20,5t	50t	urban/regional/long haul	up to 500 km	in series production
XD Electric	BEV	21,5t	50t	urban/regional/long haul	up to 500 km	in series production
XD Electric	BEV	29t	50t	urban/regional/long haul	up to 500 km	in series production
XD Electric	BEV	29t		urban/regional haul	up to 500 km	in series production
XF Electric	BEV	20,5t	50t	urban/regional/long haul	up to 500 km	in series production
XF Electric	BEV	29t	50t	urban/regional /long haul	up to 500 km	in series production
Daimler Truck						
eCanter	BEV	7.49t	11t	urban delivery	100 km	in series production
eActros 300	BEV	19t - 27t	40t	regional delivery	300 km	in series production
eActros 400	BEV	19t - 27t	40t	regional delivery	400 km	in series production
eEconic 300	BEV	19t - 27t	40t	municipality/urban delivery	100 - 150 km	in series production
eActros 300 successor	BEV	19t - 27t	40t	regional delivery	300 km	in series production
eActros 400 successor	BEV	19t - 27t	40t	regional delivery	400 km	in series production
eActros 600	BEV	19t - 27t	40t	regional delivery/long haul	500 km	in series production
GenH2	FCEV	19t - 27t	40t	long haul	up to 1000km	100 Customer units
Hyundai Truck						
XCIENT, 4x2	FCEV	19t	36t	long haul	400 km	in series production
XCIENT, 6x2	FCEV	27,5t	40t	long haul	400 km	in series production
MAN						
eTGX Tractor	BEV	18t-20t	up to 60t	regional/long haul	up to 500km	in series production
eTGS Tractor	BEV	18t-20t	up to 60t	regional/long haul	up to 500km	in series production
eTGX 4x2 Chassis	BEV	18t-20t	up to 50t	urban/regional/long haul	up to 600km	in series production
eTGS 4x2 Chassis	BEV	18t-20t	up to 50t	urban/regional/long haul	up to 600km	in series production
eTGX 6x2 Chassis	BEV	26t-28t	up to 50t	urban/regional/long haul	up to 700km	in series production
eTGS 6x2 Chassis	BEV	26t-28t	up to 50t	urban/regional/long haul	up to 700km	in series production
Bayernflotte	FCEV	20t	42t	long haul	450 - 500 km	customer testing fleet (5 Trucks) in 2026
hTGX	ICE H2	28-33t	up to 90t	long haul	up to 600 km	200 vehicles, small series starting Q4/2025

Zero and low-emission heavy-duty vehicles (trucks)

	Power train	GWV (t)	GTW (t)	Application (e.g. Long-haul, Construction etc.)	Range (km)	Availability (series production, announced)
Scania						
L, P	BEV	18-33t	36t	city	up to 350 km	in series production
P, G, R	BEV	18-33t	up to 74t	construction	up to 350 km	in series production
G, R	BEV	18-29t	up to 74t	regional	up to 450 km	in series production
R, S	BEV	18-29t	up to 74t	long haul	up to 550 km	in series production
Volvo Trucks						
FH Aero Electric	BEV	44t		regional	300 km	in series production
FH Aero Electric	BEV	48t		long haul	600 km	first orders from Q2 2026
FH Electric	BEV	44t		regional	300 km	in series production
FH Electric	BEV	48t		long haul	600 km	first orders from Q2 2026
FM Electric	BEV	44t		regional	300 km	in series production
FMX Electric	BEV	44t		construction	300 km	in series production
FM Low Entry	BEV	32t		city	200 km	in series production
FE Electric	BEV	27t		distribution	275 km	in series production
FL Electric	BEV	18.6t		distribution	450 km	in series production
Renault Trucks						
E-Tech Traffic	BEV	3.1t		distribution	up to 300 km	in series production
E-Tech Master	BEV	3.5t		distribution	up to 200 km	in series production
E-Tech D	BEV	16t		distribution	up to 560 km	in series production
E-Tech D WIDE	BEV	19t & 26t		distribution & city construction	up to 560 km	in series production
E-Tech T	BEV	44t		regional	up to 300 km	in series production
E-Tech C	BEV	44t		urban construction	up to 300 km	in series production
Ford Trucks						
F-Line E 4X2	BEV	19t		regional	up to 250 km	series production in September 2025
F-Line E 6X2	BEV	27t		regional	up to 300 km	series production in September 2025

Zero and low-emission heavy-duty vehicles (buses and coaches)

	Power train	GWV (t)	Application (e.g. Long-haul, Construction etc.)	Range (km)	Availability (series production, announced)
Daimler Truck/Buses					
eCitaro Solo	BEV	20t	city bus	Up to 360 km	in series production
eCitaro Artic.	BEV	30t	city bus	Up to 300 km	in series production
eO500U 2134	BEV	21,5t	city bus (chassis)	Up to 350 km	in series production
eCitaro K	BEV	19,5t	city bus	Up to 360 km	in series production
eCitaro fuel cell Artic.	BEV/FCEV	30t	city bus	Up to 400 km	in series production
eCitaro fuel cell Solo	BEV/FCEV	20t	city bus	Up to 400 km	in series production
eIntouro	BEV	19,5t	interurban bus	Up to 500 km	delivery in 2026
Iveco					
E-WAY 9 & 10 m	BEV	18 t	city bus heavy urban/urban	200 – 300km with HVAC	in series production
E-WAY 12 m	BEV	20t	city bus heavy urban/urban	200 – 300km with HVAC	in series production
E-WAY 18 m	BEV	30t	city bus heavy urban/urban	200 – 300km with HVAC	in series production
CROSSWAY LE Elec Class I	BEV	20t	city bus urban/suburban	200 – 300km with HVAC	in series production
CROSSWAY LE Elec Class II	BEV	20t	intercity bus suburban/interuban	300-350km with HVAC	in series production
DAILY minibus	BEV	7.2t	minibus	200 km with HVAC	in series production
E-WAY H2 12 m	FCEV	20t	city bus heavy urban/urban	300-450km with HVAC	in series production from 2025
Scania					
K-chassis electric	BEV	19.5t	urban bus	Up to 500 km	in series production
K-chassis electric	BEV	26t	coach	up to 400 km	in series production from 2026
MAN					
Lion's City 10 E	BEV	19.5t	city bus	up to 310 km	in series production
Lion's City 12 E	BEV	19.5t	city bus	up to 380 km	in series production
Lion's City 18 E	BEV	29.9t	city bus	up to 370 km	in series production
Lion's City 12 E LE	BEV	19.5t	city bus/suburban	up to 380 km	in series production from Q3 2025
Lion's Coach 14 E	BEV	27.3t	coach	up to 650 km	in series production from end 2026
Volvo Buses					
7900 Electric	BEV	19.5t	city bus	Upto 500 km	in series production
7900 Electric Articulated	BEV	30t	city bus	Upto 450 km	in series production
BZL Electric	BEV	19.5t	city bus	Upto 500 km	in series production
